Ederheimer, Stein & Co. Clothes for the School Boy

GETTING the boys ready for school, buying their outfits, is certainly the paramount issue in these last few days before the opening next Monday, and to make it easy for you to buy here we are making a special display in our Children's Department now--it's located on the first floor and very easy of access. Encouraged by our success, we have put in a larger and more complete stock than ever before. Some things shown here that you won't see any place else, too-we blaze the way, you know. Here are a few of the absolute necessities:

STURDY SCHOOL SUITS

The school suits we are showing are remarkably stylish in cut and rich in pattern, but the best thing about them is their sturdiness; the weak parts are all made strong by reinforcing an extra sewing.

See the Boys' Combination Suit with two pairs of pants... blocmer and straight. The jacket is a jaunty Norfolk. Every mother knows pants wear out twice as fast as coats.

The All-wool Cheviots in checks and stripes and the new brown plaids are heauties. That all-wool part of it is important, for it means they wear long and never look shoddy...

Note the special line of Children's Knee Pants for school wear-they are well made and a splendid value

Stout Stockings

We are agents for the famous "Black Cat" Stockings-the kind that wear well. The triple knees and double sole and heel save a world of darning, 15e, 2 far 25c Better ones still, pair for 250
